

The Teamwork Works campaign

Teamwork works

Teamwork Works is a campaign.

NDS National
Disability
Services

It was done by National Disability
Services (NDS)

It's about showing everyone how
important the NDIS is.

The NDIS is important for you and
everyone with disability.

When you pay someone like your carer
with money from the NDIS, it helps them
to pay their rent, buy food and do fun
things like go to the movies.

The Teamwork Works campaign

But the NDIS works best when the government puts lots of money towards it.

But sadly, the government is thinking of putting the money into other things instead of the NDIS.

And this will mean the NDIS won't work as well.

Do you want to help promote how good the NDIS is?

The Teamwork Works campaign

You can do it in a few ways:

Share your story about how the NDIS has supported you.

You can share it with the NDS, your network or Endeavour Foundation.

Join the campaign to make sure you know about everything that's happening
