Endeavour Foundation and CSG

CSG merged with Endeavour Foundation in 2014 and continues to focus on the core mission of making possibilities a reality for all.

CSG encompasses a range of different services and like Endeavour Foundation it provides individualised solutions that empower people to live their best life.

From innovative employment and training to NDIS services, CSG operates under Community Solutions and BRACE in Queensland, Victoria and South Australia.

Employment that's not just a job, but a career full of opportunities

We support people find employment through a range of government funded programs, including Workforce Australia, Disability Employment Services (DES) and ParentsNext, as well as other specialist employment programs.

We partner with people to create a meaningful employment pathway. We use the Community Solutions brand to do this in Queensland and Victoria.

We also employ, match and place apprentices/trainees with host businesses and support them to complete their qualifications. We use the Community Solutions brand to do this in Queensland.

NDIS specialist services support people with disability to meet their goals

We provide specialist NDIS services, including Support Coordination, Specialist Support Coordination, Specialist Behaviour Support, Speech Pathology and Psychology. We ensure NDIS participants get the support they need to live their best life.

We use the Community Solutions brand to do this in Queensland and Victoria.

The power of education and training is a pathway to employment and a better life

We provide a range of employment related education and training to people of all ages and backgrounds. We do this by offering a range of vocational education and training, including Certificates I-IV and pre-accredited programs. We ensure people get the education and training they need to succeed in their chosen employment.
