

Policy on a Page

We understand! Sometimes you don't have time to read a lengthy procedure or take in the finer details of a policy.

Here are the important parts of our ICT Acceptable Use Policy for Connect2Work.

QD6103 – ICT Acceptable Use Policy

Report instances of theft, damage or loss to your leader and the Service Desk

Do not attempt to circumvent, defeat or interfere with controls that protect ICT assets

Take care when viewing sensitive data to reduce the chance of your screen being observed

Ensure Intune is installed as 'BYOD' on personal devices if using company apps.

Ensure Intune is installed as a 'fully managed corporate device' if you have a company SIM

Do not access systems or data if you don't have a business requirement to do so.

Inappropriate use will be investigated and may result in disciplinary action

Return all ICT assets to the Service Desk on termination of your employment or when no longer required
