

Wear it Purple Day

Wear it Purple Day

Wear it Purple Day happens every year on 25 August.

Wear it Purple Day celebrates **gender diversity** of young people.

Gender diversity are words we use to talk about different genders.

Things like toys or clothes don't have genders.

People have genders.

Your body does not decide what your gender is.

Your gender is part of who you are.

There are many types of genders.

Your gender is based on how you feel and see yourself.

It is your decision.

You can not tell someone's gender by looking at them.

We sometimes call gender diverse people rainbow people.

On Wear it Purple Day we wear purple.

We do this to show rainbow people that we love them.

It shows that we accept them for who they are.

On Friday 25 August you can wear purple too.

It is okay if you do not understand.

You can talk to your support worker.
