Performance Partnerships

Grow together, achieve together 

How to access Culture Amp?

Culture Amp is used to facilitate meaningful conversations between an employee and their leader to help our people grow and develop to achieve their goals.

There are three ways to access Culture Amp:

1. On a desktop computer connected to the network via the Endeavour Foundation Intranet Page
2. On a mobile device using Connect2Work
3. Website access through a direct url

Can't sign in?

Via your desktop computer, open your web browser to access the Endeavour Foundation Intranet

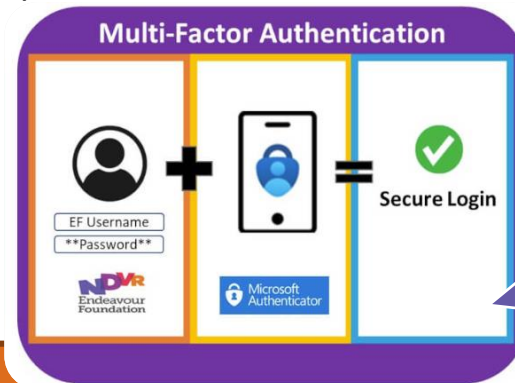

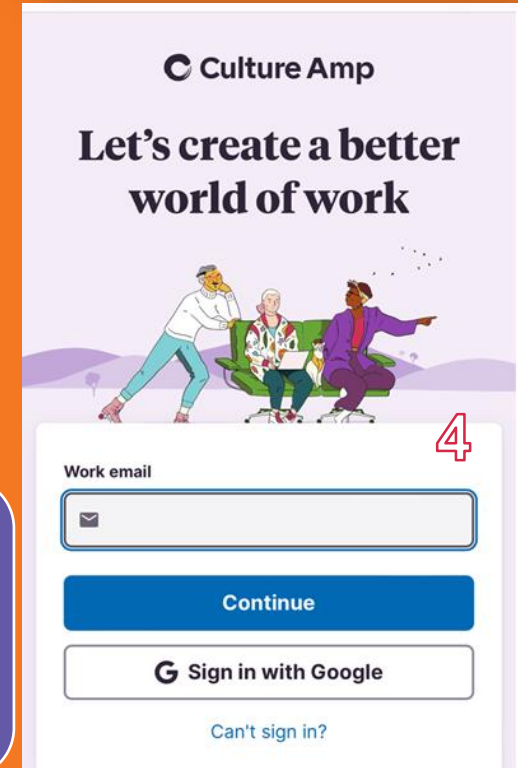

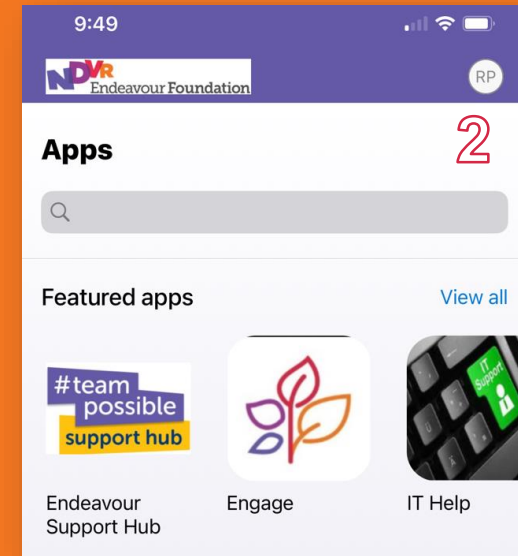

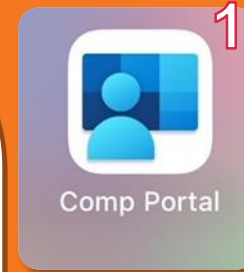

intranet.endeavour.com.au

Note: remote workers will need to be connected to the [FortiClient VPN](#) to access the intranet.

1. Click **Quicklinks** located on the top menu bar
2. Scroll down and click “**Log in**”
3. Enter your work email address and click continue
4. Click “**Sign in with SSO**”

Mobile Device Access

- You can access Culture Amp on your mobile device with [Connect2Work](#) - [instructions to access Microsoft Intune Company Portal](#)
- On your device, open the **Company Portal App** - within the app, select the bottom left Icon for a list of applications 
 - In the search bar type, “**Culture**” and then select “**Search**”
 - Select the Culture Amp icon to **download the app**. It will default to open the App Store or Google Play – **select install**
 - Open the Culture Amp App and **enter your work email** address. Select **continue**, select **Sign in with SSO**
 - Enter password
 - Enter [MFA](#) credentials

Multi-Factor Authentication (MFA) – protects our organisational data requiring employees to verify their identity - a requirement to operate our services.

5

Website Access

***Regardless of connectivity
you can access***
